## **School Accountability Report Card**

### **Reported Using Data from the 2019-2020 School Year**

#### **Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

English Language Arts/Literacy (grades 3-8 and 11)		N/A		N/A		N/A
Mathematics (grades 3-8 and 11)		N/A		N/A		N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**Career Technical Education Programs (School Year 2019-2020)**

Career path preparation begins in elementary school, where students are introduced to careers through guest speakers, field trips, job shadowing, work-based activities and career days which focus on the five Brawley Union High School career pathways.

Ninth graders are provided the opportunity to enroll in Introduction to Computers, where they learn career research with the internet through Career Locker and produce their first résumé. Through 10th grade advisement, students select their initial career pathway and complete a second career-interest inventory. Students may select from a total of 21 career pathway classes (including ROP programs) in the industry sector such as: Agriculture and Natural Resources, Arts and Communications, Information Technology, Health Science and Medical Technology, Education Child Development and Family Services, Marketing and Sales, Building Trades and Construction, and Manufacturing and Product Development.

Capstone career path courses focus on internships which are offered through the Brawley Union High School internship program, Imperial Valley Regional Occupational Program (IVROP) internship, Brawley Union High School work experience, Special Education WorkAbility, Imperial County Workforce Investment Act training, and Migrant Education work experience.

BUHSD offers several CTE courses to its student population.

In conjunction with CTE courses, BUHSD offers nine ROP programs that are offered through the district and comprise a significant component of the CTE program. The ROP programs focus on the internship aspect of career preparation and are open to students who are 16 years and older and also to adults.

BUHSD’s CTE Advisory Committee consists of shareholders including BUHSD’s superintendent, principal, deputy principal, director of special education, career specialist, CTE teachers, counselors, students, parents, Imperial Valley Regional Occupational Program superintendent and staff, community business partners, Workforce Investment Board (WIB), WIB director, and the Imperial Valley Regional Occupational Advisory Committee.

The major areas of focus for staff development include curriculum and instruction, multi tiered system of support, positive behavior intervention, school safety, technology, student assessment and data analysis, student support services, and school-site accountability. The methods used to deliver professional development involve staff-development days, department and collaboration meetings, and grade-level and course-subject area meetings. Teachers are supported during the implementation through staff meetings, teacher-administrator meetings, student-performance data analysis and reporting. Each teacher is assigned a peer teacher coach to assist them in developing teaching strategies and lessons relevant to their classes and student population. The district also participates in professional development opportunities provided through Imperial County Office of Education.
